Operating Instructions

Fire!!

- When Gun Gauge is green, the gun can be fired.
- When Gun Gauge is red, the gun can't be used. Watch out!

Thrash 'em!

- Each character has a special weapon. These weapons give you powerful continuous attack capabilities. Make the most of them...or die!
- You can throw enemies as well. Remember: barehanded fighting puts you at a disadvantage. Find a weapon and get back to the fight!

**No sympathy!
No mercy!**

- Hurt the enemy whenever you can.
- A fallen enemy is a vulnerable target! Use your special attack or gun to finish him off!

Command actions!

- Each character has distinct command actions. Try them all.
- While each action is powerful by itself, combining them delivers an invincible attack!
